Answer key

PS:04

Help the lion to reach its cave by coloring the squares.

The maze consists of a grid of various geometric shapes. The goal is to identify and color the squares to form a path from the lion at the top right to the cave at the bottom left. The shapes include circles, ovals, triangles, stars, hexagons, pentagons, and rectangles. The path is indicated by pink squares.

The path starts at the lion and goes through the following squares (row by row, left to right):

- Row 1: 5th square (small square)
- Row 2: 5th square (large square)
- Row 3: 1st square (large square), 2nd square (small square), 3rd square (large square), 4th square (small square), 5th square (small square)
- Row 4: 1st square (small square)
- Row 5: 1st square (large square)
- Row 6: 1st square (small square), 2nd square (medium square), 3rd square (small square), 4th square (large square), 5th square (small square), 6th square (small square), 7th square (large square)
- Row 7: 8th square (small square)
- Row 8: 8th square (large square), 9th square (small square)
- Row 9: 2nd square (small square), 3rd square (large square), 4th square (small square), 5th square (small square)
